Share Some Brotherly Love This Christmas!

Hi there,

Brother is a **sewing machine** manufacturer that was started by the Yasui brothers in 1908. Bringing together **Japanese engineering** and **aesthetic design** with the inspiring motto of “**superior quality** and **diligent service**”, they continue to make high-quality **computerised sewing machines** to this day that are efficient and effective, **perfect for**

home sewing.

As an official UK supplier of **Brother** machines, our **experts** know exactly what works best with them and how to use them to make the most of your **projects**. Talk to **real people** via our **OnlineChat** to learn more and get **exclusive deals** and offers. With a range of **bundles** that provide everything you need to get your **sewing journey** started, at a **heavily discounted** price, view our **Brother bundles** below and **order today** for quick and **hassle-free delivery**.

Elf On The Shelf Brings 25 Days of Creativity!

Elf on the Shelf begins on the 1st of December and is the **perfect** opportunity to flex those **creative and crafting muscles**. For those not in the know, Elf on The Shelf is a **tradition** born from a children's book where **elves** are sent by **Santa** to keep an eye on whether **children** have been naughty or nice in the run-up to **Christmas day**. However, the elves inevitably get caught out in all sorts of **silly situations** from **causing havoc** the night before.

With an **elf doll**, you can position them in these comical positions and the **clever crafter** can really make the most of it. Perhaps you could **sew** them a **pretty parachute** as they come down the **chimney** or make them a **mask** as they're caught **red-handed** emptying a piggybank. **Make outfits** and **accessories** for all eventualities with our range of [craft essentials](#) and [sewing supplies](#). **Buy today** to get your little elves **excited** for the **upcoming festivities**.

Cricut Makes Christmas

Cricut Makers are great for creating **Christmas crafts**, including **cards**, **crackers** and much, much **more**. The **Cricut Maker 3** can cut **over 300+ materials**, whilst the **Cricut Joy** is a perfect **handheld cutter** that can make **personalised cards** and **gift tags** of your own design.

With **bundles** that provide you with all the **tools** and **accessories** you could need, you can pick up a great deal on **Cricut crafts** in time for **Christmas**. With **vinyl cutters**, heat presses, **mug presses**, and **more**, **discover** our full **Cricut** range **today** and browse our **bundles** for fantastic offers on [Cricut products](#).
